From the Principal

Welcome to the last newsletter for term 2. This term finishes at the end of next week and although it has been a short one, there has been a lot packed into it.

Swimming and Water Safety - Last week the senior class participated in the annual Swimming and Water Safety Program. It was very pleasing to see the improvement in all students over the week. A follow up session on boat safety was conducted at school on Monday and students were given a brochure to take home. It would be good to discuss with your child what he or she learnt over the week.

Assembly - There will be an assembly on Thursday July 3rd at 2:00pm. All parents are welcome to attend our assemblies which are held in the music room.

Parent / Teacher meetings - Last week you would have received an appointment time to see your child’s teacher next week. If the allocated time is unsuitable, please let us know so that an alternative time can be arranged.

Slipstream Circus - You should have received this week a notice about our intended excursion to Ulverstone on Tuesday 1st July to view the Slipstream Circus performance. We have one current student and a couple of ex students performing in the show.

Term Dates - This term will conclude on Friday 4th July. Students return to school on Tuesday 22nd of July. Monday 21st of July is a professional learning day for staff.

Have a safe and relaxing break over the holidays.

Yours in partnership

Ralph Thompson
Principal
Senior Class News

We have had a very busy and productive time in the senior classroom this term. We have been lucky enough to have Katie Pigott come in on Fridays and help with some art activities. The first project involved decorating bicycle wheels. We have since explored screen printing and this has been a real hit. The pictures have evolved into cushions and bags. The students have also tried nail art with them advancing from using wool to cotton. Other work in the classroom has included model making in maths. Students designed a model, took it apart taking photos as they went and then put the photos in order so as other people could make their creation. The students tried their creations on the junior class and many lessons were learnt from this. In science we have looked at what conditions cause bread to go mouldy. Some very interesting results were revealed. We have also been learning about Australia with a character called Taha, who is travelling around Australia with his mother. This is a new set of books which were purchased last year. We have started the Premier’s Reading Challenge and aim to read 10 books in 10 weeks.

Soccer News

This year Wilmot has combined with Sprent to form an Open team and with Sprent and East Ulverstone to form an under 10 team. When we can the teams train on a Thursday afternoon at Sprent Primary. A huge thanks goes to Mr O’Halloran for helping out and being able to help transport students to training and game days. The Open team have had more success than the under 10 team with a few more wins. Both teams are playing well together and it is pleasing to see new players having a go and learning new skills. It is also good to see the more experienced players encouraging and supporting these students. We still have a lot of games left to go and it would be great to see a few more supporters at the games. Thankyou to all parents and families who come along and support the teams on a Saturday morning. Jordan, Jacob, Seth and Moby have been lucky enough to score goals so far this season.

The last games results were - 14th June Under 10 - Wilmot/Sprent V Ulverstone Black 1 - 1
                          Open - Wilmot/Sprent/E Ulv V Ulverstone Blue 5 - 1
                          21st June Under 10 - Wilmot/Sprent V Sacred Heart 4 –1
                          Open - Wilmot/Sprent/E Ulv V Sacred Blue 6 - 1
