From the Principal

We have had another wonderful week of learning experiences here at Wilmot Primary School, with varied learning in and out of the classroom.

Our very successful day of activities and cross-country running with Sprent Primary School was enjoyed by all. I would like to thank parents for coming along. I would also like to thank Mrs King and the staff and students from Sprent for travelling to us on a cold morning.

We are proposing starting an afternoon Launching into Learning session on a Friday from 1:00pm until the end of the school day at 2:45pm. More details to come next week.

It is great to see our children dressed warmly for the weather, we also continue to suggest that children have their gumboots or inside shoes at school to deal with cold feet and mud.

Please note calendar changes on the left.

Kind regards,
Emma Langton A/Principal

MONDAY 1st of June the SPRENT ACTIVITIES DAY

The day started with Mrs Langton reading the Wilmot and Sprent children a cool book called Pig the Pug, we then had fun with 2 Truths and 1 Lie with our Sprent Buddies. At recess time we got to play with our Sprent buddies, we then had three different activities, one was an Art picture, the others were iMovie Trailer making with the iPads and the Grade 3 to 6 Sprent Wilmot Combined Choir practice. A yummy BBQ was prepared by Mrs Mantije and Mrs Steward, thank you. From Azaria
CROSS COUNTRY CARNIVAL

The children put in a stellar effort to run the whole distance in their respective grade level races. The regular running that we have been doing at school has definitely paid off with many children putting in that little bit of extra effort. The course was mostly dry this year but the lack of serious mud did not deter our runners. We had the added bonus of Sprent Primary children run with us which made the event the extra special. We would like to thank all those parents who helped out on the day.

CROSS COUNTRY PICTURES
PARENT STUDENT TEACHER INTERVIEWS

In the next week we will send home an interview time with your child for the week of June the 22nd. We are currently in the midst of writing reports which will be sent home on Friday the 19th for children in Prep to Grade 6.

SHELTER SHED RENOVATIONS

Sarah and Ben have been working hard to renovate our Shelter Shed outdoor learning space. As you can see it is a work in progress as the two children learn valuable skills in organising and liaising with others to achieve tasks. At this stage we would like to extend a huge thank you to our adult helpers, Michelle & Tony Hutt and also Sarah Mantje.
We will keep you posted.
SENIOR CLASS NUMERACY
We have been working on fractions in the Senior Class, it is important to be able to see fractions as a part of a collection as well as part of a whole number.

WANTED - An old wheelbarrow that we can keep permanently to set up as a special learning space. Holes are not a problem.
