From the Principal
Our families who attended our Bonfire Night and camp out had a wonderful time. This was a great opportunity for everyone to come together. During the week we have been conducting some school based testing to support our School Improvement Plan and the children have applied themselves in a very responsible manner to the tasks. On Friday our Primary Progress Reports will go home to families for children in Prep to Grade 6. These small reports will provide families with information about how your child has settled into the school year.

Emma Langton Principal

Our whole school will be taking part in this important community event on Friday afternoon from 2:00 pm. Families are welcome to come along and help out.

Prep to Grade 2 Children
Reminder about the competition to name the characters. Please bring your completed entry forms to school to have a chance to win.
WEDNESDAY HEALTHY LUNCH
The children had a wonderful time eating their healthy lunch with others in a lovely social setting. Thank you to those families who supplied a coin donation for the meal. We collected $24 dollars to support the program. We have included the recipe in the photos in case anyone would like to try the pancakes at home!
DEVONPORT REGIONAL GALLERY
The exhibition was amazing and the children were very engaged with the ideas and imagery that was on display. Words like; nature, movement, colour and peaceful were used by the children to describe their reactions to the art.
DEVOPTON LINC

The children were able to explore many of the collections at the library. The Senior Class looked at a variety of old documents including maps of the district before they searched for books on the catalogue and had a reading session.

The Junior class were very lucky to have many picture books read to them in the special children’s section of the library. The children then completed an art activity from one of the wonderful books that was read to them.
LAUNCHING INTO LEARNING

Our playgroup children have been exploring many different sensory activities this term. They have been discovering what a number of objects feel like.

FRUIT & VEG BREAK

We have been trying many different things this week for fruit and veg break. We are actively encouraging any type of fruit or vegetable to be included in this daily 10:00 am food break, so please feel free to add in the exotic!

HEALTH AND WELLBEING

In Health, the junior class have been using our school kitchen to prepare some yummy smoothies, using milk, banana and strawberries and putting all the ingredients into a blender. YUMMO!!!!! We have all been sitting down together, washing our hands and saying please and thankyou as the smoothies are served.
OUR CUTE BLACK STEERS
A few weeks ago a couple of students noticed that our young steers were near the fence having a drink on a hot day. They got very excited about seeing them up close and decided to take a happy snap. Smile for the camera boys!

Asthma Australia
Asthma and Anaphylaxis Training Session
Asthma Australia will be attending our school on Wednesday April 5th at 9:00 am to run a training session on first aid for students with asthma and anaphylaxis. Any parents that would like to attend a more than welcome.

MUSIC NEWS
WOW! What a fabulous year we have got off to in Music at Wilmot. We have lots of fun and interesting activities happening at the moment. The junior class has been exploring hand held percussion instruments: claves, tambourines and lollypop drums to name a few. They have been learning the correct names of these instruments and how to play them properly. We have also been learning beat, rhythm, loud and soft and putting all three musical elements together in a piece of music called “Get Funky”.

The Junior class have also been playing some ukuleles, which is very exciting for these students. We have been learning the names of the different parts of the instrument and learning how to hold the instrument properly. They have been learning one chord (C) and putting it into a song called “My Aunt Came Back”.

The Senior Class has also been using ukuleles playing a piece called “Buffalo Gals”. They have been learning two chords C and G. They have also been learning the names of the different parts of the ukulele and also how to hold the instrument properly.

The Senior class is also starting to learn musical notation. We have learnt the different notes and the lines and spaces on the musical stave. We have been using a computer program called Staff Wars to help our learning with this.
